All correspondences should be addressed to the Editor-in-chief. Articles sent to the AMFA should not be submitted for publication elsewhere. All Articles will be refereed.

Please use the following microsoft word format to prepare your manuscript: **AMFA word format**

SUBMISSIONS OF PAPERS:

The basic elements of a paper in the order in which they should appear are: Title, Authors, Affiliations, Abstract, Keywords, Main text, Acknowledgements, Appendix, and References. Authors should submit their manuscript by the Journal website. Electronic submission substantially reduces the editorial processing, reviewing and publications times. Please attach your covering letter providing assurance that the manuscript has neither been published nor submitted for publication else. The corresponding author will be noted of the acceptance of their paper by the editor. The authors of accepted paper with conditional acceptance are required to address the comments of the referees suitably in their revised paper and in their final full paper and address their revisions properly in a separate file and upload it to the Journal website. After the publishing the accepted paper, the corresponding author will receive two complimentary copies of the issue in which the article first appears. Authors will be asked, upon acceptance of an article, to transfer copyright of the article to the publisher. This will ensure the widest possible dissemination of information under copyright laws. This form can be uploading the Journal website. The Editors reserve the right to return manuscripts that do not conform to the instructions for manuscripts for manuscript preparation or papers that do not fit the scope Journal, prior to referring.

EQUATIONS:

Each equation number should be right justified written in parentheses. Vectors should be denoted by boldface lower case letters, and matrices or tensors by boldface capital letters.

SI UNITS:

Use the international system of units (SI). For other quantities, give their equivalent in SI.

FIGURES AND DRAWINGS:

All figures (photographs, drawings, graphs or diagrams) and tables must be placed just before the references. They must be cited in the text and numbered consecutively. Each figure must have a number and a caption. Captions should be placed under the figures. Cite all figures within the text and its caption.

RESULTS AND DISCUSSION:

All the obtained results should be carefully investigated and compared with the other works.

CONCLUSIONS:

Each paper should be accompanied with a short conclusion section, right before the figures and drawings.

ACKNOWLEDGEMENTS:

The acknowledgements must be indicated in a separate section at the end of the paper after the main text. Please do not include them on the title page, as a footnote to the title or otherwise.

APPENDICES:

The appendices should be numbered consecutively when they are more than one. The equations in appendix should be numbered separately, e. g. (A1), (A2), etc.

REFERENCES:

The list of References should only include works that are cited in the text and that have been published or accepted for publication. They are numbered in the order in which they are alphabetically (not listed cited). For document published in Persian language please add the expression "(in Persian)" at the end of it.
